Vision Doeve Brokers

This Bruijsvlet AC with an open cockpit of 9.70 meters proves that age does not say everything. She has been well maintained and the owners have invested a lot in her to bring her into the condition she is today. For example, she was sandblasted in 2017, equipped with a new calorifier, electric toilet, combi charger / inverter, heating and swimming platform. In the front there is a generous seating area with the galley on the starboard side and the toilet on the port side. The steering position is situated in the spacious open cockpit with a seating area on both sides. The open cockpit can be covered with a cockpit cover that was renewed in 2017. Then there is the aft cabin with 2x 1-persons sleeping place. If you want a well maintained boat which is ready for immediate use than this boat is, in our opinion, worth a visit.
