Vision Doeve Brokers

Day passenger vessel that is very maneuverable with her overhauled Schottel rudder propeller and the Kalkman bow thruster. There are terraces at the front and rear, of which the terrace at the rear can be closed by a cockpit tent. Inside there is a bar, sufficient seating area and a toilet on board. The air draft is approx. 3,75 m which means that she also can be used on waterways where many tour boats cannot go to. The certification is valid until 10-2023.
