Vision Doeve Brokers

Motor cruiser that is well maintained by the seller. This motor yacht was professionally painted in 2017. The well-known Valkkruiser has been copied for the design of this yacht. Equipped with, among other things, an owner's cabin with plenty of cupboard space, toilet room with washbasin, salon with bench, inside steering position that is not in use at the moment, galley with a dinette in front of it. There is storage space in the bow. With aluminum window frames and a lot of stainless steel on deck together with the 2-component paint system, she is a maintenance-friendly boat. Due to her ideal dimensions and low air draft of approx. 2.50 m, there is a very large sailing area accessible that extends all the way to the Mediterranean.
