Vision Doeve Brokers

Former inland cargo vessel that has been converted into a beautifully lined Cruising Live Aboard Dutch Barge. The interior is spacious with 2 cabins, bathroom, spacious lounge with open galley, from where the cockpit is easily accessible. In the cockpit is a spacious seating area under the sun awning. With a low air draft and a shallow draft, a large sailing area can be navigated in a lot of parts of Europe. On board is, among other things, a modern Whisper generator, making the ship completely self-sufficient. Among other things, the heating on board makes the ship suitable for long stays on board. Due to circumstances, little maintenance has taken place in recent years.
