## Vision Doeve Brokers

Former IJsselmeer fishing cutter that sailed with fish numbers EH22 and WR33. This cutter has been converted to her current yacht status after she came out of fishing in 1988. Equipped with, among other things, a good central heating system, double glazing in the wheelhouse and good insulation, making this a Dutch Barge that is suitable for a longer stay on board. The wheelhouse has good all-round visibility and is therefore a very pleasant place to stay.
