Vision Doeve Brokers

Former inland cargo vessel with which the current owner and his father still sailed freight in the 1970s in the Amsterdam and Rotterdam area and mainly into the "Westland" and around Loosdrecht and Vinkeveen in the Netherlands. The current owner has completely refurbished this Dutch Barge into a cruising live aboard barge. With her foldable wheelhouse, the air draft is low (approx. 1,65 m) and therefore she can still sail on many waters with low bridges, creating a very large cruising area that extends from the North of the Netherlands all the way to the Mediterranean Sea and even Canal du Midi. An unique Dutch Barge that is well maintained and ready to travel right away.
