Vision Doeve Brokers

Completely yard built quality motor yacht with open cockpit, spacious wheelhouse with galley, below deck 2 cabins with 4 fixed berths, bathroom and a separate toiletoom. The entire ship has double glazing and the central heating makes this lady very suitable to stay on board in the winter months. The interior shows no signs of use. The maneuvering qualities of the yacht are very good, partly due to the presence of the hydraulic bow and stern thruster. The engine room is very good accessible and is very well insulated, making it comfortable cruising. Under the aft deck there is a large storage area which is accessible through a large hatch. In short, a perfect yacht for someone who wants to do extensive cruising on the inland waterways and/or coastal waters with a good ship or who wants to live on board.
