Vision Doeve Brokers

A beautiful barge that was built in 1911 by shipyard Barkmeijer in NL- Brilt. In total there are three cabins, of which two are in use as sleeping cabin. The bed has been removed from the third cabin and is now in use as a big walk-in closet. Of course this cabin can be used as a sleeping cabin again. It is visible that good maintenance was carried out in the past and that a lot of investments were made, so is for example the hull very well preserved. Due to circumstances she currently needs a little extra attention to get her back in her former condition. In the front there is a cabin with a 2x single bed. Adjacent is the walk-in closet, bathroom, cabin with 2x single bed, galley and salon. The ship is among other things equipped with a bow thruster, generator, boiler, central heating and a washer / dryer combination. The Motortjalk is very suitable for a long stay on board.
