Vision Doeve Brokers

Classic Motorvlet with open cockpit and aft cabin. The hull was treated in 2019. The deck and superstructure needs a paint job. The seller has begun to replace the equipment on board. For example, an electric toilet was installed in 2020, but installing the new combi inverter / charger and battery charger (which are already present) is for the new owner. The layout from the front to the back is as follows: toilet, galley, dinette / salon, open cockpit with steering position and seating area with table, aft cabin. The dinette can be converted into a berth of approximately 1.98 x 1.16 m. With an air draft of approximately 2.45 m, she has a large sailing area without having to wait for bridges to open. The ship is available immediately.
