### Vision Doeve Brokers

Former inland cargo vessel, that has been completely converted into a cruising Live Aboard Barge which is also suitable to have some charter guests on board. In 2018/2019, the current owner had a bow thruster, combi inverter / charger, isolation transformer and many other things installed and carried out. For example, the underwater ship, freeboard and deck have been made completely brought back to bare steel and provided with a 2-component paint system. The vessel is spacious with 4 berths and a toilet area in the front cabin, an owner's cabin with en-suite bathroom, a guest cabin with en-suite bathroom, spacious living room with open kitchen, wheelhouse with settee and an aft cabin with 2 berths and toilet area. The vessel's lay-out is very suitable for taking guests with you and still having privacy. Due to her dimensions, the ship is ideal suited for sailing on almost all inland waterways in France, Belgium, the Netherlands and Germany.
