Vision Doeve Brokers

Former motor cattle barge / Dutch barge which has been completely converted into a double deck day passenger ship with a small sundeck for guests in front of the wheelhouse and a covered aft terrace with radiant heaters. On the lower deck there is the spacious kitchen with sink, various refrigerators, dishwasher, beer tap and postmix machine. Further on this level are tables and chairs as well as space for a buffet, 2 toilet areas and the staircase to the upper deck where is also a spacious seating area with tables and chairs and with access to go to the front- and aft guest deck. In our view, this is an excellent opportunity to obtain a well-maintained ship that is excellent for using as a party boat or for day cruises but which is also very suitable to convert her into a cruising Live Aboard barge.
