## Luxe Motor casco 22.00

Dimensions (m)	22.00 x 4.10 x 1.10	Ref. no.	210204
Mooring	Near Harlingen, Netherlands	Year	1930
		Material	steel

## Vision Doeve Brokers

It concerns an old hull of which the bad parts have been replaced and where subsequently has been put on a new superstructure. The propeller shaft has been newly installed too. It is a project that is in our eyes very interesting for the handy do-it-yourselfer or to have it (partly) finished by a yard. The foundation for this is very good.

## General information

Yard:	unknown
Hull shape:	flatbottom
Hull material:	steel
Deck material:	steel
Superstructure material:	steel
Construction method:	riveted
	new steel is welded
	rubbing strake around
