Vision Doeve Brokers

A yard built motor yacht that due to circumstances has ended up in a condition that requires a renovation. This includes, among other things, a paint job, but the interior also needs to be renovated. The engine and the whisper generator have had a major service in February 2021 and they also replace the batteries then. The underwater ship has also been treated and anti-fouled. Basically it is a good ship that needs to be restored into her former glory. There are 2 cabins, 2 bathrooms, a dinette, galley and a salon with the inside steering position and L-sofa.
