Vision Doeve Brokers

Classic motor yacht with an open cockpit and a folding windshield, making a very low air draft (bridge clearance) possible. The motor yacht is always well maintained and is ready to step on board and start your holidays. With an U-seat in the bow (which can be used as a 2-person berth), the L-galley, the cockpit that can be completely closed with a tent and an aft cabin with a 2-person bed and a toilet room, the available space on board has been used to the fullest. A lot of storage space has also been realized. In our opinion, a nice motor boat that has a large cruising area.
