Vision Doeve Brokers

Salon motor cruiser with aft cabin which was built at the Dutch well-known yard Pedro and which is equipped with an inside and outside steering position, a spacious aft deck, easily accessible side-decks and sliding side doors. The wheelhouse provides good all-round visibility and is equipped with, among other things, a longitudinal and a L-bench. The front cabin is easily accessible and equipped with the dinette, the galley and the forward berth. The bathroom / toilet and the owner's cabin are located in the aft cabin. In our opinion, a nice motor boat that is very suitable to cruise the inland waterways in the Netherlands, Belgium, Germany and France.
