Vision Doeve Brokers

Former inland cargo vessel / Dutch Barge (Motorpakschuit) that was converted into a passenger ship around 1955 and sailed as such in The Netherlands, for example in the area of Harderwijk, Zuidlaren and Biddinghuizen. She was subsequently converted into a Salon boat in 2000 and was used as a tour boat / day passenger ship on the river Zaan and Alkmaarderlake. It is an ideal vessel to use for celebrations and parties. A nicely rebuilt barge that has been well maintained. Everything is easily accessible and with a spacious aft deck that is accessible through a double door, it is a pleasure for the guests to stay on board. In our view an excellent addition to an existing fleet, but also as a restaurant or party center this is a great addition to the service they can provide.
