Hemmes 11.50 GSOK

Dimensions (m)	11.50 x 3.60 x 1.15	Ref. no.	211206
Mooring	Near Rotterdam, Netherlands	Year	1992
		Material	steel

Vision Doeve Brokers

This spacious motor cruiser of 11.50 meters with good headroom is very suitable for 2 people. The cockpit is easily accessible from the swimming platform through the door. With her low air draft of approximately 2.40 m are many bridges are no obstacle for her. The seller has, due to circumstances, not been able to maintain the ship properly. The main thing is that the entire ship needs a paint job. This has already been considered in the asking price. In the forward cabin there are two single beds, followed by the bathroom with hand shower and electric toilet, then opposite the galley. Via the only few steps on board you enter the salon with steering position and patio doors to the open cockpit where you can relax and enjoy the day. She needs attention, but after that she will be a beautiful ship again that certainly can be seen.

General information

Yard:	Molenaar Yard De Hemmes, NL-Zaandam
Hull shape:	hard chine
Hull material:	steel (5 mm)
Deck material:	steel (4 mm)
