Vision Doeve Brokers

A sturdy motor cutter that is very suitable for a long stay on board. She is equipped with many comforts such as a shower, electric toilet, central heating, generator, a bow thruster and an outside steering position. On the aft deck you can sit outside or use it as a sundeck. The wheelhouse offers a view all around. The hull was built in 1995, but the vessel came into service in 2006. In 2019 the hull has been painted and the underwater hull provided with antifouling. In short, this is a boat that you can enjoy for a long time to come.
