#### Vision Doeve Brokers

Former inland cargo vessel that was completely converted to her current status quo about 12 years ago. Since she has been well maintained so that she still looks great. With her (measured) dimensions, there is no ES-TRIN certification obligation. The spacious aft cabin is equipped with a bathroom and owner's cabin. A spacious seating area has been realized on top of it, which is accessible through a door from the wheelhouse. The wheelhouse is attractive and spacious with the steering position, bench and 2 side doors. The salon has a spacious seating area and an L-shaped kitchen. The generator and the inverter etc. are placed in the forepeak. In our view a very well maintained ship that was out of the water in 06-2022 and has been inspected then. This Dutch Barge is ready to go.
