Vision Doeve Brokers

Former inland cargo vessel that has been completely converted, using solid materials, into a cruising Live Aboard Dutch Barge which, due to her dimensions and air draft, has a very large sailing area that extends from Northern Germany to the Mediterranean Sea. There are a total of 3 cabins, 2 bathrooms, a spacious salon with kitchen and a workshop available. The wheelhouse is spacious, has a good all-round visibility and the top is foldable. The state of maintenance is good and that gives the new owners the opportunity to enjoy the barge right away. The last survey for certification has been done in April 2022. It is possible to take over a residential berth in B-Veurne.

Survey report of the underwatership is available (04-2022)

Taking over of the current official residential rental mooring is possible.

The ship was completely gutted (only the hull is old) and then rebuilt. Before refitting the interior, the inside of the hull was thoroughly treated.
