### Vision Doeve Brokers

Former sailing yacht that was converted into a motor yacht at the time. In 2012 she was modernized and fitted with a new engine. In the front there is a spacious 2-persons bed of approximately 2.30 x 1.48 meters. The layout has been kept tight with a surprising amount of storage space, but the ship's character has been preserved. The hydraulic steering system and bow thruster make it an easy to manoeuvre vessel and with her depth of approximately 60 cm and an air draft of approximately 2.20 m, has she a very large sailing area. She is a well-maintained vessel that will give you a lot of pleasure.
