Vision Doeve Brokers

Classic and beautifully shaped wooden sailing yacht. On her own keel she arrived at her current location where for the renovation this lady was completely emptied before the refit started. Unfortunately, it is not possible to draw up a list of available parts. You will have to investigate this on the spot by yourself. The two cabins aft, the shower room and some cupboards are already largely finished. The planking of the hull that were due for renewal have already been replaced. The teak deck and the construction of the wheelhouse have also been addressed. Much work has already been done and a lot is invested but due to circumstances the project cannot be completed. Who dares to complete this project and let the sailing yacht sail in her full glory again.

General information

Yard:	unknown
Designer / Architect:	William Garden
Hull shape:	S-bilge
Hull material:	mahogany & oak
Deck material:	teak & iroko
Superstructure material:	mahogany
Construction method:	carvel aftcabin bulwark wide side decks (gunnels) bollards deckhouse oak ribs
