Vision Doeve Brokers

Former inland cargo vessel which has traded in the NL- Biesbosch area. The present owner completely gutted the vessel and completely rebuilt her with lots of expertise by professionals. Cost or effort has been spared to get this barge into her current condition and maintaining her. The vessel is from the inside and outside fully sandblasted and then finished with a teak interior by a real professional. The owner's cabin is equipped with a 2-persons French bed. There are also two cabins each with a staple bunk bed and a very decent bathroom. In the aft cabin is the galley with round seat. The wheelhouse is equipped with a comfortable sofa with new upholstery and the steering position. The whole barge is in a very good condition and is highly recommended by us for anyone who does not want to do any jobs but wants to live aboard or go boating without any delays.
