### Vision Doeve Brokers

Motoryacht with spacious open cockpit. This yacht was built entirely by the present seller. The Doerak series have served as a model for designing the hull. From the pontoon, you can get on the swimming platform very easily and then enter the cockpit through the access door. Through the double doors you easily reach the wheelhouse and by leaving the doors open the wheelhouse and cockpit becomes one area. In the bathroom there is a hand pump toilet and stainless steel sink with hand shower. The galley is equipped with a 4-burner gas cooker and a refrigerator at 230 Volts with in front of it the seating area. In the front are two cabins, each with two double berths. This yacht is very well maintained and very accessible because almost everything is on one floor.
