Vision Doeve Brokers

Former inland cargo vessel that has been completely rebuilt into a recreational vessel. Due to lack of time the ship will be offered for sale and the seller will have to say goodbye to the family heirloom with pain in his heart. The vessel is equipped with a gable roof superstructure and a large cockpit. The layout from front to back is as follows: toilet and shower under construction, 2 cabins each with a 2-persons bed and a washbasin, galley, salon, cockpit, aft cabin with 1-persons bed. In the hallway there can be created an extra bed under the side deck. The ship needs a paint job on the outside. The headroom varies from about 1.91 m to 2.10 m. It is less in the toilet and the aft cabin. A very attractive ship that can be enjoyed for a long time. Part exchange of a fast polyester motorboat with shower is negotiable.
