## Valkkruiser WeVa 11.60 GSAK

Dimensions (m)	11.60 x 3.85 x 1.20	Ref. no.	190104
Mooring	Near Rotterdam, Netherlands	Year	1979
		Material	steel

### Vision Doeve Brokers

Motor yacht with aft cabin and spacious aft deck, built in 1979 by Yard Wetering & Van der Valk. Later on Van der Valk did continue independently. The similarities between this WeVa and the later Van der Valk motor yachts speak for themselves. The ship has overdue maintenance but that can be solved by the handy do-it-yourselfer. The layout from front to back is as follows: cabin with V-bed, galley, dinette, salon, bathroom with bath and toilet and aft cabin. With an inside- and outside steering position it is very comfortable to sail in good weather and bad weather. The ship is equipped with a generator, inverter and two solar panels. You can sleep with 7 people in total on board. A competitively priced ship with potential.

## General information

Yard:	Yard Wetering en Van de Valk, NL-Poeldijk
Hull shape:	hard chine
Hull material:	steel
Deck material:	steel
Superstructure material:	steel
Construction method:	aftcabin stainless steel bollards
