Vision Doeve Brokers

Excellent maintained joggled Motor yacht of the 1st owner. No costs have been spared to keep the ship in a 'good as new' condition. She is completely painted in 2018 with a 2-component paint system. Traces of use on the interior are virtually non-existent. The propulsion engine power of 120 Hp / 88 kW is more than enough for comfortable cruising and mooring with the bow- and stern thrusters is very easy to do. There is also a Mastervolt whisper generator set in the engine room. In the front there is a 2x 1-persons bed, followed by the galley, bathroom with toilet and shower, a spacious salon with hydraulic steering position and French doors to the cockpit. The sofa in the salon can easily be extended to a double bed. It is a great ship that guarantees a lot of sailing pleasure.
