Vision Doeve Brokers

Well maintained motor cruiser which is equipped with an inside steering position and on the flybridge an outside steering position, which means that there a large outside seating area has been realized. The state of maintenance is good both inside and outside. There are a total of 6 sleeping places on board with a spacious double bed in the aft cabin. There is also a bathroom with a shower, washbasin and toilet. With, among other things, a generator and an inverter on board, this motor yacht is very suitable for making longer journeys, for example through Germany, Belgium, France or the Netherlands. The air draft is approximately 3.20 meters, which means that many waterways can be navigated.
