### Vision Doeve Brokers

Former inland deck barge which originally was fitted out with a ship's engine, she is partly converted into a Sailing Live aboard barge. Equipped with a wheelhouse, spacious engine room and a living with a bathroom, bedroom and a salon with open galley. Under the front deck there is a large storage room. It is possible to extend the superstructure further to the front and thereby to realize a lot more living space. The beam of the barge means that, despite the fact that the living area is not too large, there is more than enough room to live on it.
