Vision Doeve Brokers

Former inland cargo vessel that has been converted into a comfortable live aboard with a spacious seating area on the deck in front of the wheelhouse. The ship has a roomy layout. The owner's cabin is equipped with a French bed and a lot of storage area, the salon and the galley are both spacious and light. In addition to a combi boiler for heating and hot water there is also an attractive wood stove. The front cabin seems to be authentic with her two box berths. A 6-cylinder Mercedes diesel engine with a Reintjes hydraulic gearbox provides the propulsion. When the wheelhouse is folded down, the air draft is approximately 2.35 m. This makes her very suitable for the French canals and rivers.
