Vision Doeve Brokers

Former inland shipping cargo barge that has been rebuilt with a superstructure and a wheelhouse and is ready for a new owner to finish the interior and techniques. The inside headroom is good with in the old hold a headroom of approximately 2.15 / 2.40 m. The wheelhouse has a headroom of approximately 2.07 / 2.14 m. In our eyes an interesting object to let your own ideas come true. If you want a (cruising) Live Aboard Dutch Barge then it is now a great opportunity. If the length is a problem for you, the seller can get her shortened or even extend her to the length you desire.
