Vision Doeve Brokers

Former ferry, named the 'Schiermonnikoog', which was used as such until 1985. In 1966 she was extended to her current length. At the moment she is in use for cruises, weddings and as a party boat for up to 250 persons. Everything is available to give the guests an unforgettable day, such as a dance floor with DJ booth, restaurant with bar and a professional kitchen. The large upper deck and aft deck complete the ship to ensure that the guests will have a wonderful day. This has also provided opportunities in the current Covid-19 society because the toilets are accessible from the outside. Due to the two air-cooled engines of 140 hp / 103 kW each that provide the propulsion and with the presence of a 360 degrees rotatable bow thruster this ship is very manoeuvrable.
