Vision Doeve Brokers

Groninger Decktjalk, which was used in the past for the transport of cargo over inland waterways. Later on she was converted into a small-scale charter ship for up to 12 guests, mainly sailing on the Markermeer, IJsselmeer and the Dutch Wadden Sea. This Dutch Barge can still be used as such, but she can also be used as a pleasure craft or as a sailing Live Aboard barge. The mast was replaced by steel in 2021 and the last hull survey has been done in 2022. The aft cabin is now for the skipper and has a 2-persons berth. In the forecabin there is a bed for the deckhand. The old hold has a simple but functional interior with the galley, toilet, seating area and the bunks.
