## Luxe Motor 24.08 with ES-TRIN

Dimensions (m)	24.08 x 4.52 x 1.15	Ref. no.	230903
Mooring	Near Gorinchem, Netherlands (residential berth)	Year	1929
		Material	steel

### Vision Doeve Brokers

Former inland cargo ship with residential mooring, garden and private parking space. The mooring, garden and parking space each have their own rental agreement. This Luxury Motor is recognized as a Historic Vessel and is still propelled by her original engine. The forecastle is a small cabin with 1 berth. The cargo hold has a length of approximately 12.40 x 4.40 m. The self-loading and unloading gear is currently not available for using. Therefor are spare parts available for repair work. From the wheelhouse you enter the aft cabin. This was rebuilt a few years ago, but the old character was retained. This concerns a sitting area, countertop, toilet and a double bed. Very conveniently located mooring just 2 minutes from the train station and approximately 5 minutes from the highway. The city center is also close by and within walking distance. The ship is extremely suitable for rebuild completely to your own wishes as a houseboat or studio. At the beginning of 2024, the vessel was fitted with a largely new bottom and the bilges were doubled where necessary. In total, the seller has invested more than 50.000 euros in the vessel, making her ready for a new future.

## General information

<b>Yard:</b>	Shipyards De Industrie, NL-Alphen a/d Rijn
<b>Hull material:</b>	steel
<b>Deck material:</b>	steel
