## Vision Doeve Brokers

Solidly built day passenger vessel, constructed at the renowned German Shipyard DBW in Berlin-Köpenick. Designed for professional use with a maximum capacity of 140 day passengers, ideally suited for sightseeing tours and events on inland waterways and lakes. The wide-body superstructure, hull design and four watertight bulkheads provide generous space, stability and safety. The vessel has a valid Community Inland Navigation Certificate (ES-TRIN) for Zone 2 Germany, valid until 09-2027. This tour boat is equipped with an overhauled SKL DMS main engine, electric bow thruster, central heating and a recently overhauled Fischer Panda generator. The interior is practically arranged with a salon, galley, electric toilet, and amenities such as a refrigerator and coffee machine. Navigation and safety equipment comply with all requirements for commercial operation. A fully operational, ready-to-go passenger ship with excellent commercial potential.
