Vision Doeve Brokers

Motor launch 'Koosje' was built in 1915 at the Kromwal Shipyard in Britswerd, the Netherlands. This classic motor yacht with authentic interior was used for small-scale canal cruises for many years, but was originally built as a notary launch / gentlemen's yacht. Her charming appearance and elegant lines make her a distinctive vessel. Unfortunately, due to circumstances, she has fallen into a somewhat neglected condition. Nevertheless, the foundation is still solid, and we see in her a beautiful restoration project. She deserves an enthusiast who will restore her to her former glory. With the right care and investment 'Koosje' is a motor yacht ideally suited for representative use and will certainly be a real eye-catcher when entering any marina. This classic motor yacht is in our view, absolutely worth bringing back to life.
