## Dutch Barge 24.00 with ES-TRIN

€ 89.000,--

price excl. VAT

Dimensions (m)	24.00 x 4.00 x 0.95	Ref. no.	260104
Mooring	Near Leiden, Netherlands	Year	1916
		Material	steel

## Vision Doeve Brokers

Former inland cargo vessel, originally built on behalf of a feed mill and oilseed processing plant. The vessel currently holds an ES-TRIN certificate but does not meet all the requirements. It is up to the new owner to arrange this themselves when desired. The vessel offers entrepreneurs seeking characterful business premises a rare opportunity to acquire one in the heart of Leiden, the Netherlands. This is a mooring designated for business use, which is transferable after consultation with and approval from the municipality. Registration with the Chamber of Commerce is required. This provides the vessel with a solid foundation for your business. She is ideally suited for using as a studio, workshop, or other business-related activities where space, tranquility, and a distinctive identity are important. It is therefore not possible to obtain a residential designation here. This is precisely its strength: a floating business space with history in an urban location, designed for work and business.

## General information

Yard:	Shipyard A. Pannevis, NL-Alphen aan den Rijn
