Dimensions (m)	11.00 x 3.68 x 1.00	Ref. no.	261001
Mooring	Near Drachten, Netherlands	Year	1987
		Material	steel

Vision Doeve Brokers

A characterful steel flat-bottomed sailing yacht, built in 1987 to a design dating back to 1908. This Feltz 11.00 combines the traditional appearance of a classic sailing vessel with the practical advantages of a spacious cruising yacht. Thanks to her lifting centreboard, she is particularly well suited to taking the ground, making her an excellent choice for exploring the Dutch and German Wadden Sea, as well as inland and coastal waters. With her elegant classic lines, wooden superstructure and traditional rigging, she is a distinctive and attractive vessel. The interior offers a surprising amount of living space for a yacht of approximately 11 meters in length. The accommodation comprises a salon with comfortable seating, a spacious galley, an owner's cabin and a bathroom with toilet and shower. The extensive use of wood throughout the interior creates a warm and authentic nautical atmosphere. With heating and hot water on board, she is also well suited for extended stays. This Feltz 11.00 is an appealing yacht for enthusiasts of classic sailing vessels who appreciate traditional styling without compromising on living space and practicality. Whether for leisurely cruising, drying out on the tidal flats of the Wadden Sea or enjoying longer periods on board, this characterful sailing yacht offers a wide range of possibilities.
