## Vision Doeve Brokers

Beautifully classic motorsailer built by Jongert and well maintained. Equipped with a new engine, bow thruster and wiring. The seller has had the ship fully upgraded. Currently in use as a motor yacht but everything is present to rig her again except the running rigging. The interior is fresh and well maintained. With the inside and outside steering position it is enjoyable to sail her with every type of weather. The ship has been kept in a boathouse most of the year and it shows. Highly recommended.
