Vision Doeve Brokers

As motor yacht built replica of the fishing boats that sails around on the Mediterranean around the Balearic Islands. This ship has 2 engines which provides the security that new owners wants if he or she wishes to sail on bigger waters / sea. Also the ship has the speed (according to the yard is approximately 9 to 10 knots) to get somewhere in a shorter time. The interior is spacious and has a total of 6 berths, a bathroom and a galley with dinette. The aft deck / cockpit is spacious and gives also the opportunity for (sea) fishing. Also a very interesting ship as a more luxurious variant of a Dutch sloop / motor launch.
